**GROWTH - Call for Applications**

*(Graduate Research Opportunities in Water Technology and Health)*

**Doctoral Fellowships for graduates of Palestinian universities to study at an Israeli university**

The Israel-UK-Palestine GROWTH Fellowship Scheme was established to promote scientific links between Israeli, British, and Palestinian researchers and to contribute to the development of science and research in those three countries. Through the Fellowship, outstanding graduates of Palestinian universities can receive funding for a full PhD programme in the fields of Water Sciences or Health-related Sciences at an Israeli university of their choice.

Fellowships are available to graduates of Palestinian universities interested in studying at an Israeli university.

**The deadline for applications is: Tuesday 30 August, 2016.**

**STREAM – Call for Proposals**

*(Science, Technology & Research Exchange Across MENA)*

We are pleased to announce the 2nd STREAM Call for proposals. The call invites trilateral bids from researchers in the UK, Israel and the MENA region to undertake a 10 – 18 month collaborative water research project. We are looking for innovative three-country projects that use experimental, natural and social science research for the benefit of some of the world’s most water poor societies.

Research proposals should meet the aims of the call:

- Fostering excellent science and technology in the MENA region by enabling world-class research in water science, technology and policy;
- Contributing to a culture of collaboration and cooperation in the MENA; and
- Creating and supporting sustainable research projects implemented in some of the world’s most water poor societies in MENA leading to a marked increase in successful uptake of research and appropriate technology.
The deadline for applications is: Friday 30 September, 2016.

For any further queries kindly visit our website at: http://www.britishcouncil.org.il/ or contact us at: Katie.mccants@britishcouncil.org. Subject line: STREAM Fellowship Scheme

**Blavatnik Postdoctoral Fellowship Programme for Israeli Scientists - Call for Applications 2017-2018**

The Blavatnik Postdoctoral Research Fellowship enables Israeli scientists of outstanding ability in the fields of Life Sciences, Physical Sciences and Engineering, to pursue their research at the University of Cambridge, while fostering a scholarly exchange and greater understanding between researchers in Britain and in Israel.

Fellowships are available to Israeli scholars applying for their first postdoctoral funding. Fellows will receive an annual stipend of £30,000 and fellowships will be tenable for up to two years. Additional funding of up to £6,000 to support direct research costs, conference attendance and visa fees will be available through the respective university departments. Further details will be communicated to successful applicants.

Applications for the 2017-2018 cohort will open on 1 August, 2016. The next deadline for applications is 7 November, 2016.

For any further queries kindly visit our website at: http://www.britishcouncil.org.il/BlavatnikFellowships or contact us at: Blavatnik.fellowship@britishcouncil.org.il. Subject line: Fellowships 2017
